### FOREWORD

As we celebrate the Fifth Anniversary of our annual, we the editors of your 1952. Breaker, look with pride upon the work done by our predecessors. Experience has brought changes in our annuals, of course, but our aim has always been the same. We hope that each of our annuals, and especially this one, will cause you in years to come to remember the fellowship, the laughter, and the working together at C. H. S.
